and HEALTH SCIENCES

OUR MISSION

We empower individuals to be fully informed about their medications and prescription costs. Our staff of pharmacists, SHINE counselors, and volunteers answer clients' drug information questions.

We advance the health Massachusetts residents by educating them with clear, concise information and guidance regarding affordable ways to obtain medications.

We assist healthcare providers and social service workers through research and problem-solving to ensure clients understand and can obtain the medications they are prescribed.

OUR SERVICES

MEDICATION SCREENING & COUNSELING

Our staff conducts a clinical review of all the medications you take and provides importation information about:

- » how your medications may interact
- » side effects of your medications
- » ways to control your health conditions

PRESCRIPTION DRUG COSTS

We can help lower the cost of your medications and provide information about:

- » the Medicare Drug benefit
- » insurance coverage options
- » what to do if you are uninsured
- » programs and strategies that may reduce the cost of medications

HEALTH EDUCATION

We also offer a variety of educational programs for senior centers, living facilities, and more. The programs can cover topics such as:

- » medication safety
- » prescription benefit programs
- » vaccines and immunizations
- » treatments for chronic illnesses
